

Interlegal

since 1995

**Course for Cargo Officers,
promotion applicants &
novice surveyors:**

“Draft Survey”

We're tutorize employees of shipping and crewing companies on real practice and real cases base.

Course for Cargo Officers, **promotion applicants & novice surveyors:**

1. The need to carry out draft surveys on the ship
2. Draft survey theory and basic terms
3. Draft survey methodology
4. Equipment required for carrying out draft surveys
5. Check list
6. Literature
7. Cases from practice, what to look for when carrying out draft surveys

Training course results:

Your company's employees will learn how to make decisions in difficult and untypical situations

Your personnel will make no mistakes so you will save time and money

Participants to the training course imagine certain practical cases and receive answers to all the questions they might face in future

Why Interlegal?

We are practical

We teach your employees only on the basis of actual case studies from our daily practice since 1995

We are flexible

This program is always adjusted for the customer, its personnel and its needs. We give answers to your certain questions both before and after the training course

We are aimed at result

Our result is your saving, because even one precise answer may save costs, time and relationships
